**SMART SOLVE® Lift Station Maintainer** solves your maintenance issues with its patented, innovative technology specifically designed to cut through grease and slime on the sidewalls of the lift station, while providing added deodorizing benefit with its light, pine scent.

**SMART SOLVE® is:**

- Earth Smart® Certified
- Bio-Based - From Vegetable Extract
- NPE-Free • VOC-Free • Petroleum Distillate Free
- Non-Toxic, Non-Caustic, Non-Corrosive, Non-Acid
- Free of Chlorinated Hydrocarbons

**DIRECTIONS:**

Add sufficient amount of **United 604 SMART SOLVE® Lift Station Maintainer** so that 1" to 2" (2.5 cm to 5.1 cm) of material floats on the surface of the water. This will then dissolve and solubilize grease accumulations in the lift station, as well as the grease accumulation on the side walls where it comes in contact.

Ask your United Representative for your suggested weekly maintenance dose. The recommended maintenance dose (1/4 of your initial dose per week) is strictly a suggested starting point. Conditions of use and load requirements may cause this to vary widely.

**IMPORTANT:**

Be sure float is solvent resistant and is set so the water level never goes to the point where the station is completely pumped out. Enough water should always remain in the station to keep the top layer of **SMART SOLVE® Lift Station Maintainer** intact. Submersed pumps and wiring must be solvent resistant. **SMART SOLVE® Lift Station Maintainer** will attack plastics, rubber, neoprene and soft materials. **DO NOT USE SMART SOLVE® Lift Station Maintainer IN A TURBULENT LIFT STATION.**

When using a metering pump with this product, you must use Viton® tubing.

**United 604**

## Lift Station Maintainer

**HANDLING AND STORAGE:** Keep containers tightly closed when not in use. Store in a cool, dry, well ventilated area away from sources of ignition. This product may solidify when stored below 35°F and may affect the performance. Allow to sit at room temperature before using product to ensure best product performance.

**PRECAUTIONS:** Always use product in a well ventilated area. Avoid contact with eyes, skin and clothing. Wear gloves and safety glasses when handling or using this product. Wash thoroughly after handling. Do not ingest.

**EMERGENCY AND FIRST AID PROCEDURES:**

**EYES:** Immediately flush eyes with water for at least 15 minutes while holding eyelids open. If irritation persists, get medical attention.

**SKIN:** Wash with soap and plenty of water. If symptoms develop, seek medical attention. United 764 MICROMOUSSE Alcohol Free Hand Sanitizing Foam is recommended for removing any residual that may be on the skin.

**INHALATION:** Remove to fresh air. If symptoms develop, seek medical attention. If not breathing, give artificial respiration.

**INGESTION:** DO NOT induce vomiting. Get medical attention immediately. If vomiting occurs, have victim lean forward to reduce risk of aspiration.

An MSDS for this product is available through United's website, [www.unitedlabsinc.com](http://www.unitedlabsinc.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
