L A B O R A T O R I E S

**United 981 LAGOON SHARKS** with Inter-Core Technology® are specially designed to bio-degrade gasoline, diesel fuel and other organics in the sludge at the bottom of lagoons, treatment ponds and retention ponds.

The innovative Inter-Core Technology® combines the staying power of proven block technology with the instant concentrated dosage of a granular active.

- The core of the **LAGOON SHARKS** consists of 10 billion CFU/g count of a special bacterial blend that is released as a slug dose into the lagoon within minutes.
- The **LAGOON SHARKS** block is a special blend of bacteria. The 10 billion CFU/g block is designed to release its bacteria over an extended time of 4 to 10 weeks.

**United 981 LAGOON SHARKS** can be easily thrown into those areas where sludge has built up or throughout the entire lagoon as needed. Each block can treat up to 1500 square feet.

- Earth Smart® certified, making them safer for both the environment and the users.
- Contain no hazardous material.
- Easy-to-use.
- Treat 1500 square feet per block.
- Reduce sludge 20 to 50% in 60 to 90 days.
- Meets EPA Protocols 1664 and 1664A.

### PRECAUCION AL USARIO:

*Si usted no puede leer Ingles, pregunte a alguien que le traduzca esta etiqueta para usted antes de uso.*

**Manufactured and Sold Exclusively By:  
UNITED LABORATORIES, INC.  
320 37th Avenue • St. Charles, IL 60174  
1-800-323-2594 • [www.unitedlabsinc.com](http://www.unitedlabsinc.com)**

**United 981 LAGOON SHARKS** will reduce the sludge levels in lagoon and pond systems delaying the need to dredge. This reduces the cost of dredging and reclaims treatment capacity.

### DIRECTIONS FOR USE:

**United 981 LAGOON SHARKS** are designed to be easily thrown into a lagoon system by hand, directly into the areas where a sludge build up has occurred. In large lagoons a small boat may be needed to help disperse the blocks. The Sharks should be spread out with 1 placed in each 1500 square foot area to be treated. Treat once every 3 months or as needed.

### FIRST AID MEASURES:

**IF IN EYES:** Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

**IF ON SKIN:** Wash immediately with plenty of water for at least 15 minutes.

**IF INHALED:** Remove to fresh air.

**IF SWALLOWED:** Clean mouth with water and drink afterwards plenty of water.
